Nikolai Gavriushin

Tbilisi, Georgia • nikolai.gavriushin@gmail.com • linkedin.com/in/n817

Software Engineer with extensive experience delivering solutions across software engineering, enterprise networking, and telecommunications. Over the past 4+ years, guided the development of full-stack applications using JavaScript, React, Node.js, HTML, and CSS, conducting 5,000+ code reviews and mentoring 1,000+ developers. Strong background in building reliable technical solutions, debugging complex issues, improving code quality, and solving large-scale technical challenges.

Experience

TripleTen.com Full-time, remote
Software Engineering Instructor May 2023 - May 2026

- Guided 1,000+ aspiring developers in building full-stack applications using HTML, CSS, JavaScript, React, and Node.js.
- Conducted 4,000+ code reviews, improving code quality and development best practices.
- Led 1:1 and group sessions in English, helping students troubleshoot issues and successfully complete full-stack applications.
- Collaborated with the learning team to support student success.

Yandex Practicum Part-time, remote
Code Reviewer Jan 2022 - Present

- Conducted 1,000+ code reviews for student projects in HTML, CSS, and JavaScript.
- Provided actionable feedback on code quality, readability, and development best practices.
- Mentored students through debugging, technical problem-solving, and project completion.
- Worked closely with the learning team to enhance the student learning experience.

RTCOMM Full-time, hybrid
Senior Network Operations Engineer May 2011 - Oct 2022

- Provided L3 technical support for 2,000+ B2B clients, resolving complex infrastructure and connectivity issues.
- Reduced the time required to configure and test new IP communication channels by 75% through process automation.
- Led a critical upgrade of the company's core network infrastructure.
- Configured, monitored, and troubleshot Cisco and Juniper network infrastructure.

MTU Saturn Full-time, on-site
Senior System Engineer Sep 2005 - May 2011

- Designed, configured, and deployed satellite communication systems from design through operational launch.
- Delivered large-scale projects, including deployments in Arctic environments.

Skills

- **Technical Skills:** Full-Stack Development • MERN Stack • JavaScript • React • Node.js • Code Review • Computer Network Operations • Systems Engineering • Cisco Technologies • Troubleshooting
- **Professional Skills:** Analytical Problem Solving • Technical Communication • Mentoring • Ownership
- **Languages:** Russian (native), English (C1)

Education

Moscow State University of Instrument Engineering and Computer Sciences - Master's degree in Electrical and Electronics Engineering

Professional Certifications

Yandex Practicum - Web Developer

Cisco Systems - Cisco Certified Network Professional (CCNP)
